## FUND MANAGER'S REPORT

Dear Investor,

We are pleased to present the Annual Report of the Senfin Money Market Fund for the year ending 31<sup>st</sup> December 2024 (FY 2024).

In 2024, Sri Lanka's economy exhibited a significant recovery, achieving a real GDP growth rate of 5.0%, a notable improvement from the -2.3% contraction in 2023. This growth was primarily driven by expansions in the industrial and services sectors, which grew by 11.0% and 2.4% respectively, while the agriculture sector experienced a modest growth of 1.2%. The fourth quarter of 2024 saw a GDP growth of 5.4%, further underscoring the positive economic trajectory.

Throughout 2024, the Central Bank of Sri Lanka (CBSL) implemented a series of monetary policy adjustments to stabilize inflation and support economic growth. In March 2024, the CBSL reduced the Standing Deposit Facility Rate (SDFR) and the Standing Lending Facility Rate (SLFR) by 50 basis points to 8.50% and 9.50%, respectively. Further easing occurred in July 2024, with a 25 basis point reduction, bringing the SDFR to 8.25% and the SLFR to 9.25%. In November 2024, the CBSL introduced a single policy rate, setting the Overnight Policy Rate (OPR) at 8.00% with implied Standing Deposit Facility Rate (SDFR) and Standing Lending Facility Rate (SLFR) tied to the OPR with a margin of  $\pm 50$  basis points, effectively simplifying the monetary policy framework. Consequently, the SDFR stood at 7.5% as at 31 Dec 2024 vs 9.0% as at 31 Dec 2023 and the SLFR stood at 8.5% vs 10.0% as at 31 Dec 2023.

Additionally, the Statutory Reserve Ratio (SRR) was maintained at 2.0% throughout 2024, following its reduction in the latter half of 2023, ensuring sufficient liquidity in the banking system to support lending and investment activities.

### Movement in Policy Rates

Source: Central Bank of Sri Lanka

The period under review saw Treasury bill yields gradually easing. The benchmark 03, 06 and 12-month yields decreased from 14.51%, 14.16% and 12.93% respectively as at the end of Dec 2023 to 8.62%, 8.77% and 8.96% respectively as at the end of Dec 2024. During this period, the yield curve witnessed a correction and switched to a more upward sloping yield curve with the 3M and

6M yields dropping below 12M yield. Similarly, Treasury Bond yields too witnessed a gradual declining trend.

During the year, Sri Lanka's Long-Term Foreign-Currency Issuer Default Rating received a notable upgrade, moving from Restricted Default (RD) to CCC+ by Fitch and upgraded from "Ca" to "Caa1" by Moody's. This further reduced risk premiums attached to fixed income yields.

### Treasury Bill Rate Movement

Source: Central Bank of Sri Lanka

### Treasury Bond Rate Movement – Secondary Market

Source: Central Bank of Sri Lanka

In line with the Monetary Policy changes by CBSL, all deposit and lending rates witnessed a gradual decreasing trend, with Average Weighted Prime Lending Rate (AWPR) decreased to 9.1% and Average Fixed Deposit Rate (AWFDR) decreased to 9.3% by the end of December 2024 vs. 12.4% and 14.9% respectively by the end of December 2023.

### Movement of AWFDR and AWPR of Commercial Banks (% p.a.) at month-end

Source: Central Bank of Sri Lanka

Another key factor in this economic resurgence was the stabilization of inflation. After peaking in 2022, inflation measured by Colombo Consumer Price Index (CCPI) dropped significantly to 0.5% YoY by August 2024, creating a more favourable environment for economic activities. Subsequent to that, the inflation was in the negative territory for the remained of the subject year and recorded -1.7% YoY by the end of December 2024. The reduction in inflation has been attributed to factors such as reductions in power tariffs, fuel prices, and an appreciating rupee.

### Movement in the CCPI and NCPI

Source: Department of Census & Statistics

### Movement in the USD/LKR Rate

In 2024, Sri Lanka's Gross Official Reserves (GOR) experienced a significant increase, reaching approximately US\$6.1 billion by the end of December 2024 vs US\$ 4.4 billion by the end of December 2023. Enhanced tourism earnings and increased worker remittances were key contributors for reserve accumulation. Consequently, the Sri Lankan rupee appreciated by 9.7% against the US dollar during the year up to December 31, 2024.

Source: Central Bank of Sri Lanka

## Fund Performance

The fund generated an annualized return of 11.89% for the FY 2024. With the downward momentum in market interest rates, SMMF Yield too experienced a decline, but at a slower pace. During FY2023, the fund mainly invested in 3M T-bills which had a highest rate across tenors. However with the yield curve correction during FY2024, the fund gradually increased exposure to 6M tenor as well as 12M tenor. In addition, with the sharp drop in T-bill yields, few NBFIs FD rates with good credit rating became attractive even net of WHT and the fund invested some of its maturity proceeds in high yielding FDs in better credit rated NBFIs. However, G-Sec exposure still remains around 74% as at end Dec 2025.

Despite market rates declining drastically, the fund managed to generate a higher yield above other short term fixed income investments alternatives, due to better maturity management.

### Fund Performance as at 31<sup>st</sup> Dec 2024

Period	1-year Performance	3-months Performance	1-month Performance
Annualized Fund Return	11.89%	9.81%	9.82%
Annualized Benchmark Return	11.67%	10.56%	8.94%

Source: Senfin Asset Management (Pvt) Ltd

Note:

- Benchmark is NDBIB-CRISIL 91 Day T-Bill Index
- Performance data is net of management fees and taxes.
- Returns are annualized.

### Asset Allocation as a percentage of Net Asset Value as at 31<sup>st</sup> Dec 2024

Source: Senfin Asset Management (Pvt) Ltd

At the end of the reporting period, the fund had invested 74.5% of its total assets in risk free Treasury Securities, such as Treasury bills and Repo investments. The remaining assets were invested in securities that were rated above BBB by Fitch, as shown in the credit profile chart below.

### Credit Profile of Fund as at 31<sup>st</sup> Dec 2024

Source: Senfin Asset Management (Pvt) Ltd

### Maturity Profile of the Fund as at 31<sup>st</sup> Dec 2024

Source: Senfin Asset Management (Pvt) Ltd

Sri Lanka's economy continues to exhibit signs of stabilization and recovery, building upon the progress made in 2024.

Inflation, which entered negative territory in late 2024, is expected to return to positive figures by mid-2025. The CBSL aims to maintain inflation around its target rate of 5% over the medium term.

The tourism sector has experienced a notable resurgence, contributing to foreign exchange earnings and supporting the appreciation of the Sri Lankan rupee against the US dollar. Remittances from overseas workers have also increased, further bolstering the country's external reserves.

The CBSL has maintained the Overnight Policy Rate (OPR) at 8.00% since its introduction in November 2024, aiming to support economic recovery while keeping inflation in check. In the short term, there is potential for market interest rates to decline further. However, in the latter half of 2025, marginal upward pressures on rates may emerge due to increasing private sector credit demand and increased government borrowing from local markets. The CBSL is expected to maintain policy rates at current levels in the near term but may consider monetary policy adjustments if significant changes in market interest rates occur.

Given the current macroeconomic and interest rate conditions, our commitment is to maximize returns for the fund by investing in high-quality asset classes based on their respective risk profiles. Further, our key priorities are to maintain capital preservation and ensure sufficient liquidity.

## INDEPENDENT AUDITOR'S REPORT

### TO THE UNIT HOLDERS OF SENFIN MONEY MARKET FUND

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the Financial Statements of **SENFIN MONEY MARKET FUND** (the Fund) which comprise the Statement of Financial Position as at 31<sup>st</sup> December 2024, and the Statement of Comprehensive Income, Statement of Movement in unit holders Fund and Statement of Cash Flows for the year then ended 31<sup>st</sup> December 2024, and notes to the Financial Statements, including a summary of significant accounting policies exhibited on pages 3 to 22.

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Fund as at 31<sup>st</sup> December 2024, and of its financial performance and its cash flows for the year then ended 31<sup>st</sup> December 2024 in accordance with Sri Lanka Accounting Standards.

#### Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the ethical requirements of the Code of Ethics issued by Chartered Accountants of Sri Lanka that are relevant to our audit of the Financial Statements and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an Audit in accordance with Sri Lanka Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the Audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Report on Other Legal and Regulatory Requirements

The Financial Statements are prepared and presented in accordance with and comply with the requirements of the Unit Trust Deed and Collective Investment Scheme Code of 2022 set by the Securities and Exchange Commission of Sri Lanka.

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - GENERAL INFORMATION

##### NOTE 1.1 - GENERAL

Senfin Money Market Fund ("the fund") is an open-ended fund approved by the Securities and Exchange Commission of Sri Lanka. The fund was launched in September 2014.

The fund is managed by Senfin Asset Management (Private) Limited which is incorporated and domiciled in Sri Lanka. The registered office of the management company is located at 267, Galle Road, Colombo 3. The trustee and custodian of the Fund is Hatton National Bank (HNB) having its place of business at 481, T. B. Jayah Mawatha, Colombo 10.

The investment objective of the Fund is to provide investors a high level of current income in the short term, consistent with liquidity and stability principle.

##### NOTE 1.2 - DATE OF AUTHORIZATION FOR ISSUE

The financial statements of the fund for the year ended 31<sup>st</sup> December 2024 were authorized for issue by the fund management company and the trustee on 1<sup>st</sup> April 2025.

#### NOTE 2 - REPARATION OF FINANCIAL STATEMENTS

##### NOTE 2.1 - BASIS OF PREPARATION

The financial statements are prepared and presented in accordance with and comply with the relevant Sri Lanka Accounting Standards issued by the Institute of Chartered Accountants of Sri Lanka. The statement of financial position is presented on a liquidity basis and assets and liabilities are presented in decreasing order of liquidity and are not distinguished between the current and non-current. The financial statements have been prepared on the historical cost basis unless otherwise indicated. The financial statements are presented in Sri Lankan rupees (Rs.).

##### NOTE 2.1.1 - STATEMENT OF COMPLIANCE

The financial statements which comprise the statement of financial position as at 31 December 2024, statement of profit or loss and other comprehensive income, statement of movements in unit holders' funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information have been prepared and presented in accordance with Sri Lanka Accounting Standards.

##### NOTE 2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with Sri Lanka Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

In the selection and application of the company's accounting policies, which are described below, the fund management company is required to make judgements and assumptions and use assumptions in measuring items reported in the financial statements. These estimates are based on management's knowledge of current facts and circumstances, and assumptions based on such knowledge and expectations of future events. Actual results may differ from such estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates were revised if the revision affects only that period or in the period of the revision and future periods as well, if the revision affects both the current and future periods.

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTD.)

Management considers credit, liquidity and market risk and assesses the impact on valuation of investments when determining the fair value.

Fair value of the financial instruments are determined by observable market prices or rates where available.

#### NOTE 2.3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting policies set out below have been applied consistently to all periods presented in these financial statements.

#### NOTE 2.3.1 - FINANCIAL ASSETS

##### (i) Recognition and initial measurement

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the fund becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus or minus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A receivable without a significant financing component is initially measured at the transaction price.

##### (ii) Classification

On initial recognition, a financial asset is classified as measured at: Amortised Cost.

Financial assets are not reclassified subsequent to their initial recognition unless the fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The fund's financial assets classified under amortised cost include treasury securities, commercial papers, trust certificates, fixed deposits and placement fee receivables.

##### (iii) Subsequent measurement and gains and losses

<i>Financial assets at amortised cost</i>	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
---	--

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.2 - FINANCIAL LIABILITIES – CLASSIFICATION, SUBSEQUENT MEASUREMENT AND GAINS AND LOSSES

Financial liabilities are classified as measured at amortized cost. Other financial liabilities are subsequently measured at amortized cost using the effective interest method.

Financial liabilities measured at amortized cost include accrued expenses and other payables.

#### NOTE 2.3.3 - DERECOGNITION

##### Financial Assets

The fund derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The fund enters into transactions whereby it transfers assets recognized in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

##### Financial Liabilities

The fund derecognizes a financial liability when its contractual obligations is discharged or cancelled, or expires. The fund also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

#### NOTE 2.3.4 - OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if:

- There is a currently enforceable legal right to offset the recognised amounts and
- There is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### NOTE 2.3.5 - IMPAIRMENT

The fund recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The fund measures loss allowances at an amount equal to lifetime ECL, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition which are measured as 12-month ECL.

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.5 - IMPAIRMENT (CONTD.)

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the fund is exposed to credit risk.

#### Credit-impaired financial assets

At each reporting date, the fund assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data: –

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default or being more than 90 days past due;
- The restructuring of a loan or advance by the company on terms that it would not consider otherwise;
- It is probable that the borrower will enter bankruptcy or other financial reorganization.

As of the statement of financial position date the fund has not observed any of the above thus no impairment provision has been recognized in the financial statements.

#### Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

#### Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

#### NOTE 2.3.6 - RECOGNITION OF INCOME

Income is recognized to the extent that it is probable that the economic benefits will flow to the fund and the revenue can be reliably measured. The following specific criteria must also be met before interest income is recognised.

##### (i) Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

#### NOTE 2.3.7 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the statement of financial position comprise of cash at bank.

The cash flow statement has been prepared using the direct method.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.8 - INCOME TAX

The fund is not liable to pay income tax as at the reporting date in accordance with Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021. The fund's income generated through investment business are treated as "pass through vehicles" under the provisions of Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021.

#### NOTE 2.3.9 - EXPENSES

The management, trustee and custodian fees of the fund as per the trust deed is as follows,

Management fee	-	0.15% p.a. of net asset value of the fund calculated on a daily basis (reduced the management fee rate from 0.25% to 0.15% with effect from 1 <sup>st</sup> April 2024)
Trustee fee	-	0.15% p.a. of net asset value of the fund calculated on a daily basis
Custodian fee	-	Flat fee of Rs. 20,000/- per month

#### NOTE 2.3.10 - UNITHOLDERS' FUNDS

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities, other than those due to unit holders as at the reporting date.

### 1. Financial Risk Management

Risks arising from holding financial instruments are inherent in the fund's activities, and are managed through a process of ongoing identification, measurement and monitoring. The fund is exposed to credit risk, market risk, and liquidity risk.

Financial instruments of the fund comprise investments in treasury bills/bonds under repurchase agreements, fixed deposits, commercial papers, trust certificates and money market deposits for the purpose of generating a return on the investment made by unit holders, in addition to cash at bank and other financial instruments such as receivables and payables, which arise directly from its operations.

The fund manager is responsible for identifying and controlling the risk that arise from these financial instruments. The fund manager agrees on policies for managing each of the risks identified below.

The risks are measured using a method that reflects the expected impact on the statement of profit or loss and other comprehensive income and statement of financial position of the fund from reasonably possible changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below.

The fund manager also monitors information about the total fair value of financial instruments exposed to risk, as well as compliance with established investment mandate limits. These mandate limits reflect the investment strategy and market environment of the fund, as well as the level of risk that the fund is willing to accept, with additional emphasis on selected industries. This information is prepared and reported to relevant parties within the fund manager on a regular basis as deemed appropriate, including the fund manager, other key management, investment committee, and ultimately the trustee of the fund.

Concentration of risk arises when a number of financial instruments or contracts are entered in to with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic

## SENFIN MONEY MARKET FUND

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

## NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions.

# 1. Financial Risk Management (Contd.)

## a) Credit Risk

Credit risk is the risk that the counterparty to the financial instruments will fail to discharge an obligation and cause the fund to incur a financial loss of interest and/or principal.

The fund's exposure to credit risk from its financial assets arises from default of the counterparty, with the current exposure equal to the carrying amount of financial assets as at the reporting date. It is the fund's policy to enter into contracts with reputable counterparties.

The fund is also subject to credit risk on its bank balances and investment in commercial papers. The credit risk exposure on these instruments is not deemed to be significant.

The funds' maximum exposure to credit risk can be analyzed as follows;

2024 Counterparty	Credit Rating	Rating Agency
Central Finance Company PLC	A-	Fitch Rating
Mahindra Ideal Finance Limited	AA-	Fitch Rating
Asia Asset Finance PLC	A+	Fitch Rating

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

#### 1. Financial Risk Management (Contd.)

##### b) Market Risk

Market risk represents the risk that the value of the fund's investments portfolios will fluctuate as a result of changes in market prices. However, the fund's exposure to price risk and currency risk are deemed negligible as all its investments are short term fixed income securities denominated in Sri Lankan Rupees. While market risk cannot be eliminated the fund manager will attempt to reduce this risk by diversifying the fund's investment portfolio in line with investment objectives of the fund.

##### c) Interest Rate Risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market interest rates.

The fund's interest-bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis. Since the fund had not held financial instruments with variable interest rates as at 31 December 2023 and 31 December 2024, it was not exposed to interest rate risk. Hence a sensitivity analysis has not been presented. The table below summarizes the fund's exposure to interest rate risks.

##### d) Interest Rate Risk

###### 31 December 2024

	Floating interest rate Rs.	Fixed interest rate Rs.	Non- interest bearing Rs.	Total Rs.
<b>Financial Assets</b>				
Cash and Cash Equivalents	125,370,201	-	5,000	125,375,201
Financial Assets - Amortized cost	-	5,038,084,391	-	5,038,084,391
Total exposure	125,370,201	5,038,084,391	5,000	5,163,459,592

###### 31 December 2023

	Floating interest rate Rs.	Fixed interest rate Rs.	Non- interest bearing Rs.	Total Rs.
<b>Financial Assets</b>

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

##### 1. Financial Risk Management (Contd.)

###### e) Liquidity Risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet its obligation to pay unitholders. Exposure to liquidity risk arises because of the possibility that the fund could be required to pay its liabilities or redeem its units earlier than expected. Units are redeemable at the unitholder's options based on the fund's net asset value per unit at the time of redemption.

The fund manages its obligation when required to do so and its overall liquidity risk by:

- Investing primarily in financial instruments, which under normal market conditions are readily convertible to cash.
- Investing within established limits to ensure there is no concentration of risk.
- Maintaining sufficient cash and cash equivalents to meet normal operating requirements and expected redemption requests. The Code requires a minimum of 3% of the deposited property to be maintained in cash or near cash. (near cash means investments such as bank/call deposits, repurchase agreements with maturities of less than 3 months, commercial paper endorsed or guaranteed by a Licensed Commercial Bank or Licensed Specialized Bank with maturities of less than 3 months and government securities including government bonds with maturities of less than one year which can be readily convertible into cash.)
- Requiring at least 14 days prior written notice for unitholder redemption equal to or greater than 3% of the net asset value of the fund
- Continually search for new investors

The maximum interval between the receipt of a valid request for redemption of units and the payment of the redemption money to the Unit Holder, shall not exceed ten (10) business days from the day on which the request was received. Where, for any exceptional reason, it is not feasible or desirable to make payment of the redemption money within ten (10) business days, the SEC shall be notified forthwith giving reasons as to why such payment should not be made within ten (10) business days.

The Fund will maintain following liquidity levels:

- 5% of its NAV maturing on an overnight basis.
- 10% of its NAV maturing on a weekly basis.
- 20% of its NAV maturing on a monthly basis.

Other financial liabilities have no contractual maturities. Due to the short-term nature of these financial instruments, carrying value approximates fair value.

## SENFIN MONEY MARKET FUND

### NOTES TO FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

##### 1. Financial risk management (Contd.)

##### f) Capital Risk Management

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities.

Disclosures relevant to unitholders' funds are as follows;

The movement in the unitholders' funds for the years 2024 and 2023.

##### I. In terms of value

	2024 Rs.	2023 Rs.
Unitholders' funds as at 01 January	4,132,297,723	1,666,498,709
Creations during the year	10,243,976,514	6,674,915,096
Redemptions during the year	(9,773,048,849)	(4,875,504,67)
Increase in net assets attributable to unitholders during the year	558,259,035	666,388,589
Unitholders' funds as at 31 December	<u><b>5,161,484,423</b></u>	<u><b>4,132,297,723</b></u>

##### II. In terms of number of units

Opening number of units as at 01 January	177,136,289	88,470,029
Unit creations during the year	411,195,035	314,414,987
Unit redemptions during the year	(390,592,982)	(225,748,726)
Closing number of units as at 31 December	<u><b>197,738,343</b></u>	<u><b>177,136,289</b></u>

As stipulated within the trust deed, each unit represents a right to an individual share in the fund and does not extend to a right to the underlying assets of the fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the fund.

**NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS****Financial assets and financial liabilities not carried at fair value**

Assets for which fair value approximates carrying value:

For financial assets and financial liabilities that have a short term maturity (original maturities less than a year), it is assumed that the carrying amounts approximate their fair values.

Accordingly, the following is a list of financial instruments whose carrying amount is a reasonable approximation of fair value.
