# Profile of the fund management company

## The Company

Senfin Asset Management (Pvt) Ltd (SFAM) was incorporated in 2010 and licensed by the Securities & Exchange Commission of Sri Lanka (SEC) to manage unit trust funds and third-party portfolios/private portfolios for institutional clients, private provident funds, insurance funds, and high net worth individuals. SFAM was formerly known as Candor Asset Management (Pvt) Ltd and was acquired by Senkadagala Finance PLC in March 2020, with the former's name was changed to Senfin Asset Management (Pvt) Ltd in August of the same year.

SFAM is a wholly-owned subsidiary of Senkadagala Finance PLC, a company licensed by the CBSL. Senkadagala Finance PLC commenced operations in the city of Kandy in 1968 and since then has steadily gained momentum, leveraging the varied partnerships it nurtured throughout the years. Today Senkadagala Finance is one of the largest and most resilient Finance Companies in Sri Lanka with a workforce of approximately 800 people across 100 branches spread around the Island.

2. Mr. Murugiah Rajendran
3. Mr. Keshav Balasuriya
4. Mr. Jeevan Sukumaran

# FUND MANAGER'S REPORT

Dear Investor,

We are pleased to present the Annual Report of the Senfin Money Market Fund for the year ending 31<sup>st</sup> December 2022.

During the year the country faced severe economic and social challenges mainly owing to foreign exchange shortages which lead to deteriorating macroeconomic fundamentals. Rising global commodity and energy prices, shortages in supply of essential food items and medication, escalating fuel prices and prolonged power cuts added mounting pressure on the local economy. During CY2022, the Monetary Board of the Central Bank of Sri Lanka (CBSL) executed a contractionary monetary policy stance with four rate hikes up to July 2022. Following that, rates were maintained during the latter part of 2022. Consequently, the Standing Deposit Facility Rate (SDFR)<sup>1</sup> stood at 14.50% as at 31 Dec 2022 compared to 5.00% as at 31 Dec 2021 and the Standing Lending Facility Rate (SLFR)<sup>1</sup> stood at 15.50% compared to 6.00% as at 31 Dec 2021. However, the Statutory Reserve Ratio<sup>1</sup> was maintained at 4.00% throughout the subject period.

## Movement in Monetary policy

Source: Central Bank of Sri Lanka

In line with the aforesaid changes to the Monetary Policy, Government Security yields as well as market interest rates on deposits offered by commercial banks and other non-bank financial institutions too followed a similar trajectory. Investor demand however, flowed into Treasury Bills and Treasury Bonds as yields reached historically high levels during the 1<sup>st</sup> half of the year. The benchmark 03, 06 and 12-month yields increased from 8.16%, 8.33% and 8.24% respectively as at the end of December 2021 to 32.64%, 32.20% and 29.27% respectively as at the end of December 2022<sup>2</sup>. Similarly yields on long term government bonds too increased as rates exceeded the 20.00% mark across multiple maturities.

<sup>1</sup> Central Bank of Sri Lanka, Monetary policy review

<sup>2</sup> Central Bank of Sri Lanka, Rates on Government Securities

### Treasury Bill Rate Movement

Source: Central Bank of Sri Lanka

### Treasury Bond Rate Movement

Source: Central Bank of Sri Lanka

Following the tightening of monetary conditions in the first quarter of 2022, all deposit and lending rates showed an increasing trend, with Average Weighted Prime Lending Rate (AWPLR) increased by 19.86% and Average Fixed Deposit Rate (AWFDR) increased by 12.55% from December 2021 through the end of December 2022.

### Movement of AWFDR and AWPLR of Commercial Banks (% p.a.) at month-end

Source: Central Bank of Sri Lanka

Headline inflation measured by the year-on-year change in the Colombo Consumer Price Index (CCPI) increased from 12.1% as at the end of December 2021 to 57.2% as at the end of December 2022. We experienced the highest inflation rate on record of 69.8% in September 2022, which was driven by increases in both food and non-food categories. Food inflation rose to 64.4%, and non-food inflation rose by 53.4% in December 2022. Similarly, Inflation measured by the year-on-year change in the National Consumer Price Index (NCPI) increased from 14.0% to 59.2% during the same period. However, year-on-year headline inflation based on both the Colombo Consumer Price Index (CCPI) and the National Consumer Price Index (NCPI) continued to decelerate in December 2022 for the third consecutive month, supported by subdued aggregate demand resulting from tight monetary and fiscal policies.

**Movement in the CCPI and NCPI (Base: 2013=100)**

Source: Department of Census & Statistics

Subsequent to several months of maintaining the exchange rate around Rs. 203 mark, the Rupee was officially floated by CBSL during March 2022. Following that, amidst mounting pressures on the currency, the Sri Lankan Rupee depreciated by a mammoth 44.80% during 2022<sup>3</sup>.

**Movement in the USD/LKR Rate**

Source: Central Bank of Sri Lanka

<sup>3</sup> Central Bank of Sri Lanka, End of Month Exchange Rates

**Fund Performance**

The Fund posted a return of 18.06% against the benchmark return of 17.31% as at 31<sup>st</sup> December 2022, thereby outperforming the benchmark by 0.75%. The Fixed Deposit rates remained lower than Treasury Bill rates during the year and therefore, the Fund has shifted its investments from Fixed Deposits and other short term debt securities to Treasury Bills. The Fund managed to take advantage of this recent spike in interest rates and increased allocations to Treasury Bills, thereby improved the overall carrying yield of the fund.

**Fund Performance as at 31<sup>st</sup> December 2022**

Period	Year to Date	3-months	1-month
Annualized Fund Return	18.06%	24.44%	24.59%
Annualized Benchmark Return	17.31%	31.00%	32.60%

Source: Senfin Asset Management (Pvt) Ltd

Note:

- Benchmark is NDBIB-CRISIL 91 Day T-Bill Index
- Performance data is net of management fees and taxes.
- Returns are annualized.

**Asset Allocation as a percentage of Net Asset Value as at 31<sup>st</sup> Dec 2022**

Source: Senfin Asset Management (Pvt) Ltd

At the end of the reporting period, the fund had invested 89.5% of its total assets in low-risk Treasury Securities, such as Treasury bills and Repo investments. The remaining assets were invested in securities that were rated above investment grade, as shown in the credit profile chart below.

**Credit Profile of Fund as at 31<sup>st</sup> December 2022**

Source: Senfin Asset Management (Pvt) Ltd

**Maturity Profile of the Fund as at 31<sup>st</sup> December 2022**

Source: Senfin Asset Management (Pvt) Ltd

Subsequent to CY2022 being negatively impacted by economic downturn, CY2023 is largely seen as a year of recovery. It is evident from factors such as inflation heading downwards, gradually reducing interest rates, LKR showing signs of appreciation, increasing tourist arrivals, increasing remittances, uninterrupted power supply and availability of necessities etc. as well as the approval of IMF facility. However, as the government moves ahead with the reforms proposed by the IMF, the uncertainty over the likelihood of a Debt Restructure on Rupee denominated Government Securities, market rates on government securities have been volatile despite rates easing off in 2023.

Given the current macroeconomic and interest rate conditions, our priority is to maximize returns for the fund by investing in high-quality asset classes based on their respective risk profiles. Further, our key priorities are to maintain capital preservation and ensure sufficient liquidity.

## INDEPENDENT AUDITOR'S REPORT

### TO THE UNIT HOLDERS OF SENFIN MONEY MARKET FUND

#### Report on the Audit of the Financial Statements

##### Opinion

We have audited the Financial Statements of **SENFIN MONEY MARKET FUND** (the Fund) which comprise the Statement of Financial Position as at 31st December 2022, and the Statement of Comprehensive Income, Statement of Movement in unit holders Fund and Statement of Cash Flows for the year then ended 31st December 2022, and notes to the Financial Statements, including a summary of significant accounting policies exhibited on pages 3 to 22.

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Fund as at 31st December 2022, and of its financial performance and its cash flows for the year then ended 31st December 2022 in accordance with Sri Lanka Accounting Standards.

##### Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the ethical requirements of the Code of Ethics issued by Chartered Accountants of Sri Lanka that are relevant to our audit of the Financial Statements and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an Audit in accordance with Sri Lanka Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the Audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

The Financial Statements are prepared and presented in accordance with and comply with the requirements of the Unit Trust Deed and Collective Investment Scheme Code of 2022 set by the Securities and Exchange Commission of Sri Lanka.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1 - GENERAL INFORMATION

#### NOTE 1.1 - GENERAL

Senfin Money Market Fund (“the fund”) is an open ended fund approved by the Securities and Exchange Commission of Sri Lanka. The fund was launched in September 2014.

The fund is managed by Senfin Asset Management (Private) Limited which is incorporated and domiciled in Sri Lanka. The registered office of the management company is located at 267, Galle Road, Colombo 3. The trustee and custodian of the Fund is Hatton National Bank (HNB) having its place of business at 481, T. B. Jayah Mawatha, Colombo 10.

The investment objective of the Fund is to provide investors a high level of current income in the short term, consistent with liquidity and stability principle.

#### NOTE 1.2 - DATE OF AUTHORIZATION FOR ISSUE

The financial statements of the fund for the year ended 31 December 2022 were authorized for issue by the fund management company and the trustee on 7th March 2023.

### NOTE 2 - REPARATION OF FINANCIAL STATEMENTS

#### NOTE 2.1 - BASIS OF PREPARATION

The financial statements are prepared and presented in accordance with and comply with the relevant Sri Lanka Accounting Standards issued by the Institute of Chartered Accountants of Sri Lanka. The statement of financial position is presented on a liquidity basis and assets and liabilities are presented in decreasing order of liquidity and are not distinguished between the current and non-current. The financial statements have been prepared on the historical cost basis unless otherwise indicated. The financial statements are presented in Sri Lankan rupees (Rs.).

#### NOTE 2.1.1 - STATEMENT OF COMPLIANCE

The financial statements which comprise the statement of financial position as at 31 December 2022, statement of profit or loss and other comprehensive income, statement of movements in unit holders’ funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information have been prepared and presented in accordance with Sri Lanka Accounting Standards.

#### NOTE 2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with Sri Lanka Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

In the selection and application of the company’s accounting policies, which are described below, the fund management company is required to make judgements and assumptions and use assumptions in measuring items reported in the financial statements. These estimates are based on management’s knowledge of current facts and circumstances, and assumptions based on such knowledge and expectations of future events. Actual results may differ from such estimates.

**NOTES TO FINANCIAL STATEMENTS (CONTD.)****NOTE 2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTD.)**

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates were revised if the revision affects only that period or in the period of the revision and future periods as well, if the revision affects both the current and future periods.

Management considers credit, liquidity and market risk and assesses the impact on valuation of investments when determining the fair value.

Fair value of the financial instruments are determined by observable market prices or rates where available.

**NOTE 2.3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting policies set out below have been applied consistently to all periods presented in these financial statements.

**NOTE 2.3.1 - FINANCIAL ASSETS****(i) Recognition and initial measurement**

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the fund becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus or minus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A receivable without a significant financing component is initially measured at the transaction price.

**(ii) Classification**

On initial recognition, a financial asset is classified as measured at: Amortised Cost.

Financial assets are not reclassified subsequent to their initial recognition unless the fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The fund's financial assets classified under amortised cost include treasury securities, commercial papers, trust certificates, fixed deposits and placement fee receivables.

**NOTES TO FINANCIAL STATEMENTS (CONTD.)****NOTE 2.3.1 - FINANCIAL ASSETS (CONTD.)****(iii) Subsequent measurement and gains and losses**

<i>Financial assets at amortised cost</i>	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
---	--

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities measured at amortised cost include accrued expenses and other payables.

**NOTE 2.3.3 - DERECOGNITION****Financial Assets**

The fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The fund enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

**Financial Liabilities**

The fund derecognises a financial liability when its contractual obligations is discharged or cancelled, or expires. The fund also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

**NOTE 2.3.4 - OFFSETTING OF FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if:

- There is a currently enforceable legal right to offset the recognised amounts and
- There is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

**NOTES TO FINANCIAL STATEMENTS (CONTD.)****NOTE 2.3.5 - IMPAIRMENT**

The fund recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The fund measures loss allowances at an amount equal to lifetime ECL, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition which are measured as 12-month ECL.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the fund is exposed to credit risk.

**Credit-impaired financial assets**

At each reporting date, the fund assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data: –

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default or being more than 90 days past due;
- The restructuring of a loan or advance by the company on terms that it would not consider otherwise;
- It is probable that the borrower will enter bankruptcy or other financial reorganization.

As of the statement of financial position date the fund has not observed any of the above thus no impairment provision has been recognized in the financial statements.

**Presentation of allowance for ECL in the statement of financial position**

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

**Write-offs**

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

**NOTE 2.3.6 - RECOGNITION OF INCOME**

Income is recognized to the extent that it is probable that the economic benefits will flow to the fund and the revenue can be reliably measured. The following specific criteria must also be met before interest income is recognised.

**NOTES TO FINANCIAL STATEMENTS (CONTD.)****NOTE 2.3.6 - RECOGNITION OF INCOME (CONTD.)****(i) Interest income**

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

**NOTE 2.3.7 - CASH AND CASH EQUIVALENTS**

Cash and cash equivalents in the statement of financial position comprise of cash at bank.

The cash flow statement has been prepared using the direct method.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

**NOTE 2.3.8 - INCOME TAX**

The fund is not liable to pay income tax as at the reporting date in accordance with Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021. The fund's income generated through investment business are treated as "pass through vehicles" under the provisions of Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021.

**NOTE 2.3.9 - EXPENSES**

The management, trustee and custodian fees of the fund as per the trust deed is as follows,

Management fee	-	0.25% p.a. of net asset value of the fund calculated on a daily basis (reduced the management fee rate from 0.6% to 0.25% with effect from 15 <sup>th</sup> April 2021)
Trustee fee	-	0.15% p.a. of net asset value of the fund calculated on a daily basis
Custodian fee	-	Flat fee of Rs. 20,000/- per month

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

### NOTE 2.3.10 - UNITHOLDERS' FUNDS

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities, other than those due to unit holders as at the reporting date.

#### 1. Financial risk management

Risks arising from holding financial instruments are inherent in the fund's activities, and are managed through a process of ongoing identification, measurement and monitoring. The fund is exposed to credit risk, market risk, and liquidity risk.

Financial instruments of the fund comprise investments in treasury bills/bonds under repurchase agreements, fixed deposits, commercial papers, trust certificates and money market deposits for the purpose of generating a return on the investment made by unit holders, in addition to cash at bank and other financial instruments such as receivables and payables, which arise directly from its operations.

The fund manager is responsible for identifying and controlling the risk that arise from these financial instruments. The fund manager agrees on policies for managing each of the risks identified below.

The risks are measured using a method that reflects the expected impact on the statement of profit or loss and other comprehensive income and statement of financial position of the fund from reasonably possible changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below.

The fund manager also monitors information about the total fair value of financial instruments exposed to risk, as well as compliance with established investment mandate limits. These mandate limits reflect the investment strategy and market environment of the fund, as well as the level of risk that the fund is willing to accept, with additional emphasis on selected industries. This information is prepared and reported to relevant parties within the fund manager on a regular basis as deemed appropriate, including the fund manager, other key management, investment committee, and ultimately the trustee of the fund.

Concentration of risk arises when a number of financial instruments or contracts are entered in to with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions.

#### a) Credit risk

Credit risk is the risk that the counterparty to the financial instruments will fail to discharge an obligation and cause the fund to incur a financial loss of interest and/or principal.

The fund's exposure to credit risk from its financial assets arises from default of the counterparty, with the current exposure equal to the carrying amount of financial assets as at the reporting date. It is the fund's policy to enter into contracts with reputable counterparties.

The fund is also subject to credit risk on its bank balances and investment in commercial papers. The credit risk exposure on these instruments is not deemed to be significant.

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

Softlogic Capital PLC	BBB+	ICRA
Vallible Finance PLC	BBB+	ICRA

**b) Market risk**

Market risk represents the risk that the value of the fund's investments portfolios will fluctuate as a result of changes in market prices. However, the fund's exposure to price risk and currency risk are deemed negligible as all its investments are short term fixed income securities denominated in Sri Lankan Rupees. While market risk cannot be eliminated the fund manager will attempt to reduce this risk by diversifying the fund's investment portfolio in line with investment objectives of the fund.

**c) Interest rate risk**

Interest rate risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market interest rates.

The fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis. Since the fund had not held financial instruments with variable interest rates as at 31 December 2022 and 31 December 2021, it was not exposed to interest rate risk. Hence a sensitivity analysis has not been presented. The table below summarises the fund's exposure to interest rate risks.

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

## NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

## 1. Financial risk management (Contd.)

## c) Interest rate risk

31 December 2022	Floating interest rate Rs.	Fixed interest rate Rs.	Non- interest bearing Rs.	Total Rs.
<b>Financial assets</b>				
Cash and cash equivalents	-	92,179,692	5,000	92,184,692

Total exposure	-	1,913,904,991	302,446	1,914,207,437

## d) Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet its obligation to pay unitholders. Exposure to liquidity risk arises because of the possibility that the fund could be required to pay its liabilities or redeem its units earlier than expected. Units are redeemable at the unitholder's options based on the fund's net asset value per unit at the time of redemption.

The fund manages its obligation when required to do so and its overall liquidity risk by:

- Investing primarily in financial instruments, which under normal market conditions are readily convertible to cash.
- Investing within established limits to ensure there is no concentration of risk.
- Maintaining sufficient cash and cash equivalents to meet normal operating requirements and expected redemption requests. The unit trust code requires a minimum of 3% of the deposited property to be maintained in cash or near cash. (near cash means investments such as bank/call deposits, repurchase agreements with maturities of less than 3 months, commercial paper endorsed or guaranteed by a Licensed Commercial Bank or Licensed Specialized Bank with maturities of less than 3 months and government securities including government bonds with maturities of less than one year which can be readily convertible into cash.)
- Requiring at least 14 days prior written notice for unitholder redemption equal to or greater than 3% of the net asset value of the fund
- Continually search for new investors

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

## NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

## 1. Financial risk management (Contd.)

## d) Liquidity risk

The time frame for return of cash to investors is five business days in which time investments may be recalled for redemption payouts. In addition, as per the Unit Trust Code and the Trust Deed, if the redemption value is 3% or more of the net assets value of the fund, the unit holder is required to give a minimum of 14 days prior notice. Further, the fund is also permitted to borrow up to 15% of the deposited property for redemption payouts. No such borrowings have arisen during the period.

Other financial liabilities have no contractual maturities. Due to the short-term nature of these financial instruments, carrying value approximates fair value.

The table below summarises the fund's non derivative financial assets and liabilities with contractual maturities into relevant maturity groupings based on the remaining period at the end of the reporting period.

<b>31 December 2022</b>	<b>Less than 30 days</b>	<b>31 - 90 days</b>	<b>91 – 180 days</b>	<b>181 – 365 days</b>	<b>Total</b>

## NOTES TO FINANCIAL STATEMENTS (CONTD.)

## NOTE 2.3.10 - UNITHOLDERS' FUNDS (CONTD.)

## 1. Financial risk management (Contd.)

## e) Capital risk management

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities.

Disclosures relevant to unitholders' funds are as follows;

The movement in the unitholders' funds for the years 2022 and 2021.

## I. In terms of value

	2022 Rs.	2021 Rs.
Unitholders' funds as at 01 January	1,913,192,196	1,418,426,600
Creations during the year	775,872,231	1,237,653,804
Redemptions during the year	(1,264,040,455)	(870,036,588)
Increase in net assets attributable to unitholders during the year	241,474,736	127,148,380
Unitholders' funds as at 31 December	<u>1,666,498,709</u>	<u>1,913,192,196</u>

## II. In terms of number of units

Opening number of units as at 01 January	119,907,297	94,758,633
Unit creations during the year	44,725,566	80,842,148
Unit redemptions during the year	(76,162,834)	(55,693,484)
Closing number of units as at 31 December	<u>88,470,029</u>	<u>119,907,297</u>

As stipulated within the trust deed, each unit represents a right to an individual share in the fund and does not extend to a right to the underlying assets of the fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the fund.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)
