Profile of the fund management company

The Company

Senfin Asset Management (Pvt) Ltd (SFAM) was incorporated in 2010 and licensed by the Securities & Exchange Commission of Sri Lanka (SEC) to manage unit trust funds and third-party portfolios/private portfolios for institutional clients, private provident funds, insurance funds, and high net worth individuals. SFAM was formerly known as Candor Asset Management (Pvt) Ltd and was acquired by Senkadagala Finance PLC in March 2020, with the former's name was changed to Senfin Asset Management (Pvt) Ltd in August of the same year.

SFAM is a wholly-owned subsidiary of Senkadagala Finance PLC, a company licensed by the CBSL. Senkadagala Finance PLC commenced operations in the city of Kandy in 1968 and since then has steadily gained momentum, leveraging the varied partnerships it nurtured throughout the years. Today Senkadagala Finance is one of the largest and most resilient Finance Companies in Sri Lanka with a workforce of approximately 800 people across 100 branches spread around the Island.

Board of Directors

Dr. Prathap Ramanujam - Chairman

Dr. Prathap Ramanujam was the former Chairman of Panasian Power PLC and has extensive experience in the public sector. During the last 14 years in the Public Sector, he was the Permanent Secretary to several Ministries and was responsible for the establishment of the Secretariat for Infrastructure Development & Investments (SIDI), which was instrumental in initiating the first mini hydro project as a Public Private sector project as far back as 1993. Dr. Ramanujam has previously served on the Boards of several financial services institutions including the National Savings Bank, the State Mortgage and Investment Bank and Senkadagala Finance PLC. during his career.

He currently serves as director of Ceylon Grain Elevators PLC, Three Acre Farm PLC and Iconic Development Pvt. Ltd. He also served as a Director in Panasian Power PLC, Manelwela Hydro Power Pvt. Ltd, Panasian Investment Pvt. Ltd, Paddiyapallela Hydropower Pvt. Ltd, and associated companies.

FUND MANAGER'S REPORT

Dear Investor,

We are pleased to present the Annual Report of the Senfin Growth Fund for the year ending 31st December 2022.

During 2022, the Colombo Stock Exchange's (CSE) indices recorded significant declines with the All Share Price Index (ASPI) declining by 30.6% and S&P SL20 Index declining by 37.7%. The fund's benchmark All Share Total Return Index (ASTRI) also declined 30.6% during the same period. The substantial downward momentum of indices was mainly witnessed during 1H2022 due to country's worsened macro-economic situation, lack of dollar liquidity leading to foreign debt restructuring, fuel shortages and power outages hampering economic activities and aggravated political uncertainty. However subsequent to bottoming out in July 2022, indices witnessed a slight recovery during 2H2022 on the back of IMF Staff Level Agreement, reduced political uncertainty, availability of necessities such as fuel, gas & electricity etc. Foreign investors were net buyers with a net foreign inflow of LKR 30.6 Bn for CY2022 compared to a net foreign outflow of LKR 52.6 Bn in CY2021. The total market turnover reduced to LKR 686.6 Bn for CY2022 vs. LKR 1,173.2 Bn during CY2021.

With the market downturn, market capitalization of the CSE decreased to LKR 3,847 Bn as at 31st Dec 2022 in comparison to LKR 5,489 Bn as at 31st Dec 2021. Similarly, the Price Earnings Ratio too decreased to 4.95x as at 31st Dec 2022 from 13.63x as at 31st Dec 2021.

ASPI Performance and Turnover

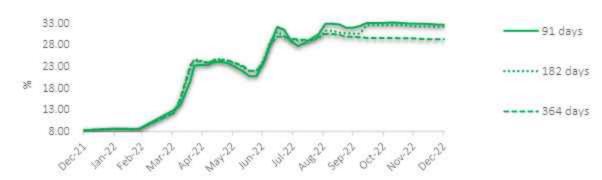

Source: Colombo Stock Exchange

During CY2022, the Monetary Board of the Central Bank of Sri Lanka (CBSL) executed a contractionary monetary policy stance with four rate hikes up to July 2022. Following that, rates were maintained during the latter part of 2022. Consequently, the Standing Deposit Facility Rate (SDFR) stood at 14.50% as at 31 Dec 2022 compared to 5.00% as at 31 Dec 2021 and the Standing Lending Facility Rate (SLFR) stood at 15.50% compared to 6.00% as at 31 Dec 2021. Similarly, the Bank Rate was also increased from 9.00% to 18.50% during CY2022. However, the Statutory Reserve Ratio was maintained at 4.00% throughout the subject period.

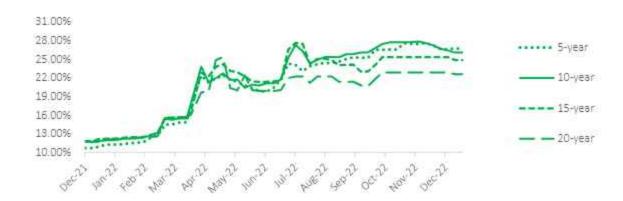

Along with the several policy rate hikes, CY2022 saw Treasury bill yields too significantly increase. The benchmark 03, 06 and 12-month yields increased from 8.16%, 8.33% and 8.24% respectively as at 31 Dec 2021 to 32.64%, 32.20% and 29.27% respectively as at 31 Dec 2022. Similarly yields on long term government bonds too increased as rates exceeded the 20.00% mark across multiple maturities.

Headline inflation measured by the year-on-year change in the Colombo Consumer Price Index (CCPI) increased from 12.1% as at the end of December 2021 to 57.2% as at the end of December 2022. We experienced the highest inflation rate on record of 69.8% in September 2022, which was driven by increases in both food and non-food categories. Food inflation rose to 64.4%, and non-food inflation rose by 53.4% in December 2022. Similarly, Inflation measured by the year-on-year change in the National Consumer Price Index (NCPI) increased from 14.0% to 59.2% during the same period. However, year-on-year headline inflation based on both the Colombo Consumer Price Index (CCPI) and the National Consumer Price Index (NCPI) continued to decelerate in December 2022 for the third consecutive month, supported by subdued aggregate demand resulting from tight monetary and fiscal policies.

Movement in the CCPI and NCPI (Base: 2013=100)

Subsequent to several months of maintaining the exchange rate around Rs. 203 mark, the Rupee was officially floated by CBSL during March 2022. Following that, amidst mounting pressures on the currency, the Sri Lankan Rupee depreciated by a mammoth 44.80% during 2022¹.

Source: Senfin Asset Management (Pvt) Ltd

Equity Holding by Sector as at 31 Dec 2022 (as a percentage of Net Asset Value)

Source: Senfin Asset Management (Pvt) Ltd

Subsequent to CY2022 being negatively impacted by economic downturn, CY2023 is largely seen as a year of recovery. It is evident from factors such as inflation heading downwards, gradually reducing interest rates, LKR showing signs of appreciation, increasing tourist arrivals, increasing remittances, uninterrupted power supply and availability of necessities etc. as well as the approval of IMF facility. These developments will be positive on equities and therefore, we look forward bullishly on equity in the medium run. We continue to analyze and invest in counters that are expected to perform well in the medium / long run as well as counters that are expected to survive through the economic recovery phase, while remaining committed to the overall aim of capital appreciation.

INDEPENDENT AUDITOR'S REPORT

TO THE UNIT HOLDERS OF SENFIN GROWTH FUND

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of SENFIN GROWTH FUND (the Fund) which comprise the Statement of Financial Position as at 31st December 2022, and the Statement of Comprehensive Income, Statement of Movement in unit holders Fund and Statement of Cash Flows for the year then ended 31st December 2022, and notes to the Financial Statements, including a summary of significant accounting policies exhibited on pages 3 to 22.

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Fund as at 31st December 2022, and of its financial performance and its cash flows for the year then ended 31st December 2022 in accordance with Sri Lanka Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the ethical requirements of the Code of Ethics issued by Chartered Accountants of Sri Lanka that are relevant to our audit of the Financial Statements and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an Audit in accordance with Sri Lanka Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the Audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to events or
 conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we
 conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to
 the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify
 our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's
 report. However, future events or conditions may cause the Fund to cease to continue as a going
 concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the
 disclosures, and whether the Financial Statements represent the underlying transactions and events
 in a manner that achieves fair presentation,

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

The Financial Statements are prepared and presented in accordance with and comply with the requirements of the Unit Trust Deed and Collective Investment Scheme Code of 2022 set by the Securities and Exchange Commission of Sri Lanka.

NOTE 1 - GENERAL INFORMATION

NOTE 1.1 - GENERAL

Senfin Growth Fund (the "fund") is an open-ended unit trust fund approved by the Securities and Exchange Commission of Sri Lanka. The fund was launched on 02 February 2012.

The fund is managed by Senfin Asset Management (Private) Limited which is incorporated and domiciled in Sri Lanka. The registered office of the management company is located at 267, Galle Road, Colombo 3. The trustee and custodian of the Fund is Hatton National Bank (HNB) having its place of business at No 481, T.B. Jayah Mawatha, Colombo IO.

The investment objective of the fund is to achieve long term capital growth by investing in a well-diversified portfolio of equity securities listed on the Colombo Stock Exchange.

NOTE 1.2 - DATE OF AUTHORIZATION FOR ISSUE

The financial statements of the fund for the year ended 31 December 2022 were authorized for issue by the fund management company and the trustee on 10th March 2023.

NOTE 2 - PREPARATION OF FINANCIAL STATEMENTS

NOTE 2.1 - BASIS OF PREPARATION

The financial statements are prepared and presented in accordance with and comply with the relevant Sri Lanka Accounting Standards issued by the Institute of Chartered Accountants of Sri Lanka. The statement of financial position is presented on a liquidity basis and assets and liabilities are presented in decreasing order of liquidity and are not distinguished between the current and non-current. The financial statements have been prepared on the historical cost basis unless otherwise indicated. The financial statements are presented in Sri Lankan rupees (LKR).

NOTE 2.1.1 - STATEMENT OF COMPLIANCE

The financial statements which comprise the statement of financial position as at 31 December 2022, statement of profit or loss and other comprehensive income, statement of movement in unitholders' Funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information have been prepared and presented in accordance with Sri Lanka Accounting Standards.

NOTE 2.2 - SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATED AND ASSUMPTIONS

The preparation of financial statements in conformity with Sri Lanka Accounting Standards requires management to make judgements, estimates and assumptions that affects the application of policies and reported amounts of assets and liabilities, income and expenses.

In the selection and application of the fund's accounting policies, which are described below, the fund management company is required to make judgements and assumptions and use assumptions in measuring items reported in the financial statements. These estimates are based on management's knowledge of current facts and circumstances, and assumptions based on such knowledge and expectations of future events. Actual results may differ from such estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates were revised if the revision affects only that period or in the period of the revision and future periods as well, if the revision affects both the current and future periods.

NOTE 2.2 - SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATED AND ASSUMPTIONS (CONTD.)

There were no significant accounting estimates, judgments and assumptions made during the year in preparing the financial statements.

Management considers credit, liquidity and market risks and assesses the impact on valuation of investments when determining the fair value.

Fair value of the quoted equity investments are determined by quoted prices (Level 1).

NOTE 2.3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting policies set out below have been applied consistently to all periods presented in these financial statements.

NOTE 2.3.1 - FINANCIAL ASSETS

(i) Recognition and initial measurement

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the fund becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus or minus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification

On initial recognition, a financial asset is classified as measured at: amortised cost or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows;
 and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. This includes derivative financial assets if any.

NOTE 2.3.1 - FINANCIAL ASSETS (CONTD.)

(iii) Subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Financial assets at FVTPL	These assets are subsequently measured at their fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss. Net change in unrealised gains/losses on equity investments includes the accumulated gains/losses on realised equity investments as well, since the realised gain/losses are computed on the difference between weighted average cost of purchase and the selling price.

NOTE 2.3.2 - FINANCIAL LIABILITIES - CLASSIFICATION, SUBSEQUENT MEASUREMENT AND GAINS AND LOSSES

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities include accrued expenses and other payables.

NOTE 2.3.3 - DERECOGNITION

Financial Assets

The fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The fund enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial Liabilities

The fund derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. The fund also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred, or liabilities assumed) is recognised in profit or loss.

NOTE 2.3.4 - OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset, and the net amount reported in the statement of financial position if, and only if:

- There is a currently enforceable legal right to offset the recognised amounts and
- There is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

NOTE 2.3.5 - IMPAIRMENT

The fund drecognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The fund measures loss allowances at an amount equal to lifetime ECL, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition which are measured as 12-month ECL.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the fund is exposed to credit risk.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

NOTE 2.4 - RECOGNITION OF INCOME

Income is recognized to the extent that it is probable that the economic benefits will flow to the fund and the income can be reliably measured. The following specific criteria must also be met before income is recognized.

(i) Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

(ii) Dividend income

Dividend income is recognized when the fund's right to receive payment is established.

(iii) Unrealised gains/(losses) on financial assets at FVTPL

Unrealised gains/(losses) on financial assets at FVTPL includes all gains and losses that arise from changes in fair value of the financial assets at FVTPL as at the reporting date.

NOTE 2.4 - RECOGNITION OF INCOME (CONTD.)

(iv) Realised gains/(losses) on financial assets at FVTPL

Realised gains/(losses) on financial assets at FVTPL includes results of buying and selling of quoted equity securities.

NOTE 2.5 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the statement of financial position comprise of cash at bank.

The cash flow statement has been prepared using the direct method.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

NOTE 2.6 - INCOME TAX

The fund is not liable to pay income tax as at the reporting date in accordance with Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021. The fund's income generated through investment business are treated as "pass through vehicles" under the provisions of Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021.

NOTE 2.7 - EXPENSES

The management, trustee and custodian fees of the fund as per the trust deed is as follows,

Management Fee - 1.5% p.a of net asset value of the fund calculated on daily basis

Trustee Fee - 0.15% p.a of net asset value of the fundcalculated on daily basis

Registrar Fee - 0.25% p.a of net asset value of the fund calculated on daily basis

Custodian Fee - Flat fee of Rs. 20,000 per month

NOTE 2.8 - UNITHOLDERS' FUNDS

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities, other than those due to unit holders as at the reporting date.

NOTE 3 - FINANCIAL RISK MANAGEMENT

Risks arising from holding financial instruments are inherent in the fund's activities, and are managed through a process of ongoing identification, measurement and monitoring. The fund is exposed to credit risk, market risk, and liquidity risk.

Financial instruments of the fund comprise investments in quoted equity securities and short term fixed income securities for the purpose of generating a return on the investment made by unitholders, in addition to cash at bank and other financial instruments such as receivables and payables, which arise directly from its operations.

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

The fund manager is responsible for identifying and controlling the risk that arise from these financial instruments. The fund manager agrees policies for managing each of the risks identified below.

The risks are measured using a method that reflects the expected impact on the statement of profit or loss and other comprehensive income and statement of financial position of the Fund from reasonably possible changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below.

The fund manager also monitors information about the total fair value of financial instruments exposed to risk, as well as compliance with established investment mandate limits. These mandate limits reflect the investment strategy and market environment of the fund, as well as the level of risk that the fund is willing to accept, with additional emphasis on selected industries. This information is prepared and reported to relevant parties within the fund manager on a regular basis as deemed appropriate, including the fund manager, other key management, investment committee, and ultimately the trustee of the fund.

Concentration of risk arises when a number of financial instruments or contracts are entered in to with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions.

a) Credit risk

Credit risk is the risk that the counterparty to the financial instruments will fail to discharge an obligation and cause the fund to incur a financial loss of interest and/or principal.

The fund's exposure to credit risk from its financial assets arises from default of the counterparty, with the current exposure equal to the carrying amount of financial assets as at the reporting date. It is the fund's policy to enter into contracts with reputable counterparties.

2022 Counterparty	Credit rating	Rating agency	
Hatton National Bank PLC	A	Fitch	
Senkadagala Finance PLC	BBB+	Fitch	
Union Bank of Colombo PLC	BBB-	Fitch	

The fund is also subject to credit risk on its bank balance and bank money market balances. The credit risk exposure on these instruments is not deemed to be significant.

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

b) Market risk

Market risk represents the risk that the value of the fund's investments portfolios will fluctuate as a result of changes in market prices. While market risk cannot be eliminated the fund manager will attempt to reduce this risk by diversifying the fund's investment portfolio in line with investment objectives of the fund.

c) Price risk

Price risk is the risk that the fair value of the fund's investment in trading securities will fluctuate as a result of changes in the price of the fund's investments in trading securities. Price risk exposure arises from the fund's investment portfolios.

The table below shows the impact on the statement of profit or loss and other comprehensive income and statement of financial position due to a reasonably possible change in the price of the fund's investment in financial assets held at fair value through profit or loss in note 7, with all other variables held constant:

	2022	2021
	Increase/ (decrease) on profit before tax and amounts attributable to Unitholders Rs.	Increase/ (decrease) on profit before tax and amounts attributable to Unitholders Rs.
Change in price of the fund's investments in financial assets - at fair value through profit or loss		
+10%	155,232,536	160,476,368
-10%	(155,232,536)	(160,476,368)

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

d) Interest rate risk

Interest rate risk is the risk that the value of a financial instruments will fluctuate as a result of changes in market interest rates.

The fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis. Since the fund had not held financial instruments with variable interest rates as at 31 December 2022 and 31 December 2021, it was not exposed to interest rate risk. Hence, a sensitivity analysis has not been presented.

The table below summarises the fund's exposure to interest rate risks.

31 December 2022	Floating interest rate	Fixed interest rate	Non- interest bearing	Total
	Rs.	Rs.	Rs.	Rs.
Financial Assets				
Cash and cash equivalents	85	59,967,083	5,000	59,972,083

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

e) Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet its obligation to pay unitholders. Exposure to liquidity risk arises because of the possibility that the fund could be required to pay its liabilities or redeem its units earlier than expected. Units are redeemable at the unitholder's option based on the fund's net asset value per unit at the time of redemption.

The fund manages its obligation when required to do so and its overall liquidity risk by:

- investing primarily in marketable securities and other financial instruments, which under normal market conditions are readily convertible to cash
- investing within established limits to ensure there is no concentration of risk
- Maintaining sufficient cash and cash equivalents to meet normal operating requirements and expected redemption requests. The unit trust code requires a minimum of 3% of the deposited property to be maintained in cash or near cash. (near cash means investments such as bank/call deposits, repurchase agreements with maturities of less than 3 months, commercial paper endorsed or guaranteed by a Licensed Commercial Bank or Licensed Specialized Bank with maturities of less than 3 months and government securities including government bonds with maturities of less than one year which can be readily convertible into cash.)
- Requiring at least 14 days prior written notice for Unitholder redemption equal to or greater than 3% of the net asset value of the fund
- Searching for new investors

The time frame for return of cash to investors is five business days in which time investments may be recalled for redemption payouts. In addition, as per the Unit Trust Code and the Trust Deed, if the redemption value is 3% or more of the net assets value of the fund, the unitholder is required to give a minimum of 14 days prior notice. Further, the fund is also permitted to borrow up to 15% of the deposited property for redemption payouts. No such borrowings have arisen during the period.

Other Financial liabilities have no contractual maturities. Due to the short-term nature of these financial instruments, carrying value approximates fair value.

The table below summarises the fund's non derivative financial assets and liabilities with contractual maturities into relevant maturity groupings based on the remaining period at the end of the reporting period.

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

NOTE 3 - FINANCIAL RISK MANAGEMENT(CONTD.)

f) Capital risk management

Unitholders' funds has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities.

2022

Disclosures relevant to unitholders' funds are as follows;

The movement in the unitholders' funds for the year 2022 and 2021:

I. In terms of value

	550,000 250	2010/04/2012
	Rs.	Rs.
Unitholders' funds as at 01 January	1,713,736,309	684,618,581
Creations during the year	288,909,520	761,826,354
Redemptions during the year	(148,925,965)	(7,847,991)
Increase/ (decrease) in net assets attributable to unitholders	(101,914,929)	275,139,365
Unitholders' funds as at 31 December	1,751,804,935	1,713,736,309
II. In terms of number of units		
Opening number of units as at 01 January	169,537,090	86,900,230
Unit creations during the year	29,501,334	83,510,197
Unit redemptions during the year	(14,574,090)	(873,338)
Closing number of units as at 31 December	184,464,334	169,537,090

As stipulated within the Trust Deed, each unit represents a right to an individual share in the fund and does not extend to a right to the underlying assets of the fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the fund.

NOTE 8 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Determination of fair value and fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - An investment in a fund is classified in Level 1 of the hierarchy when that investment is quoted in an active market and measured at the unadjusted quoted price at the reporting date.

Level 2 - An investment in a fund is classified in Level 2 of the hierarchy when that investment is measured using inputs that are directly observable at the reporting date.

Level 3 - An investment in a fund is classified in Level 3 of the hierarchy when the investment is measured using unobservable inputs at the reporting date.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

	Level 1	Level 2	Level 3	Total
	Rs.	Rs.	Rs.	Rs.
As at 31 December 2022				
Financial assets at fair value thorough	profit or loss			
Quoted equity securities	1,453,952,243	88,373,113	-	1,552,325,356
As at 31 December 2021 Financial assets at fair value thorough	profit or loss			
Quoted equity securities	1,604,763,681	**	*	1,604,763,681

Financial Assets and Financial Liabilities not carried at fair value

Assets for which fair value approximates carrying value:

For financial assets and financial liabilities that have a short term maturity (original maturities less than a year), it is assumed that the carrying amounts approximate their fair values.

Accordingly, the following is a list of financial instruments whose carrying amount is a reasonable approximation of fair value.

Assets Other receivables Financial assets - at amortised cost Cash and cash equivalents	Liabilities Accrued and Other Payable	
NOTE 9 - ACCRUED AND OTHER PAYABLE	ON MAN

As per the Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021, the fund is deemed as conducting eligible investment business and is treated as a tax pass through vehicle. Hence, no provision for the income tax was made in the financial statements.

NOTE 12.1 - INCOME TAX RECEIVABLE

Income tax receivable Impairment for income tax receivable

206,502 206,502 (206,502) (206,502)	74	
	7.000000000000000000000000000000000000	

The net income tax receivable comprised of notional tax credit receivable amounting to Rs.1,849,277 and Withholding Tax (WHT) of Rs. 206,502. The Fund Manager intends to claim the WHT recoverable by means of a refund. Due to uncertainties in recoverability an impairment provision is made against the WHT receivable balance. Notional Tax credit of Rs. 1,849,277 is written off during the year of assessment 2020/2021 since there was no income tax liability payable for the previous year of assessment from 2018/2019.

NOTE 13 - CAPITAL COMMITMENTS

There were no material capital and financial commitments as at the reporting date.

NOTE 14 - EVENTS OCCURRING AFTER REPORTING DATE

There have been no significant events occurring after the reporting date that required adjustments to or disclosures in the Financial Statements.

NOTE 15 - CONTINGENCIES

There are no material contingencies existing as at the reporting date that require adjustments to, or disclosure in the Financial Statements.

NOTE 16 - RECONCILIATION BETWEEN THE NET ASSET VALUE AS PER FINANCIAL STATEMENTS AND THE PUBLISHED NET ASSET VALUE

	31.12.2022 Rs.	31.12.2021 Rs.
