- 1. Mr. Sanath Divale Bandaranayake Chairman of the Risk Management Committee
- 2. Mr. Murugiah Rajendran
- 3. Mr. Keshav Balasuriya
- 4. Mr. Jeevan Sukumaran

## **FUND MANAGER'S REPORT**

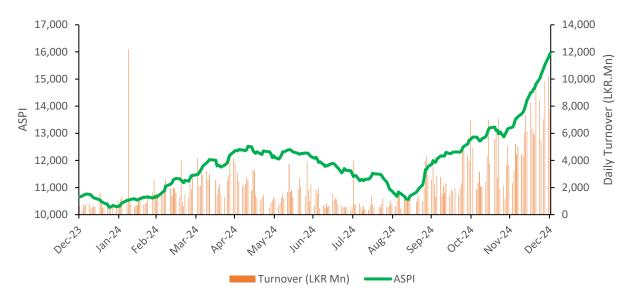

Dear Valued Investors,

I am pleased to present the Integrated Annual Report and the Financial Statements for the financial year ended 31 December 2024 (FY 2024).

The FY2024 marked a historic milestone for the Colombo Stock Exchange (CSE), with both the All Share Price Index (ASPI) and S&P SL20 Index reaching record highs, posting gains of 49.7% and 58.5%, respectively. The Fund's benchmark, the All Share Total Return Index (ASTRI), also delivered an impressive 57.8% increase. During the initial part of FY2024, indices displayed a positive momentum due to the sharp drop in fixed income yields possibly shifting some fund inflows to equity from fixed income, better than anticipated quarterly earnings, positive expectations on External Debt Restructuring and largely improved macro-economic fundamentals. During the mid part of the year, indices witnessed some weakness mainly due to profit taking and uncertainty over the outcome of presidential elections. In addition, a substantial number of equity and debt issuances, including rights issues, bank debentures and large Government Security issuances absorbed a significant portion of market liquidity. However, the result of the highly anticipated Presidential Election in September 2024 had a substantial positive impact on the market. The rally was further boosted by the subsequent 2/3 majority victory by the ruling party in General Elections 2024 and significantly improved economic indicators, sustaining strong market performance through year-end. Additionally, Sri Lanka's Long-Term Foreign-Currency Issuer Default Rating received a notable upgrade, moving from Restricted Default (RD) to CCC+ by Fitch and from "Ca" to "Caa1" by Moody's.

The market capitalization of the CSE reached an all-time high, increasing from LKR 4,248.9 billion to LKR 5,695.6 billion during FY 2024. Meanwhile, the PER stood at 8.9x at year-end, lower than the 11.1x recorded at the end of FY 2023. Despite market prices moving up, aforesaid PER decline was primarily driven by the growth in corporate earnings. Overall, FY 2024 was a landmark year for the CSE, supported by robust economic recovery, improved investor sentiment, and a strengthened fiscal outlook.

#### **ASPI Performance and Turnover**

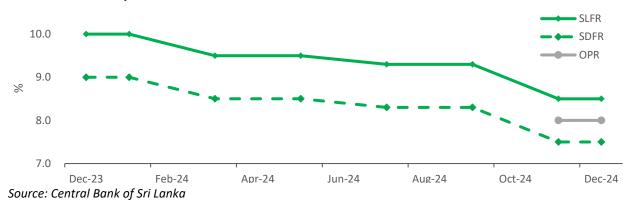

Source: Colombo Stock Exchange

In 2024, Sri Lanka's economy exhibited a significant recovery, achieving a real GDP growth rate of 5.0%, a notable improvement from the -2.3% contraction in 2023. This growth was primarily driven by expansions in the industrial and services sectors, which grew by 11.0% and 2.4% respectively, while the agriculture sector experienced a modest growth of 1.2%. The fourth quarter of 2024 saw a GDP growth of 5.4%, further underscoring the positive economic trajectory.

Throughout 2024, the Central Bank of Sri Lanka (CBSL) implemented a series of monetary policy adjustments to stabilize inflation and support economic growth. In March 2024, the CBSL reduced the Standing Deposit Facility Rate (SDFR) and the Standing Lending Facility Rate (SLFR) by 50 basis points to 8.50% and 9.50%, respectively. Further easing occurred in July 2024, with a 25 basis point reduction, bringing the SDFR to 8.25% and the SLFR to 9.25%. In November 2024, the CBSL introduced a single policy rate, setting the Overnight Policy Rate (OPR) at 8.00% with implied Standing Deposit Facility Rate (SDFR) and Standing Lending Facility Rate (SLFR) tied to the OPR with a margin of ±50 basis points, effectively simplifying the monetary policy framework. Consequently, the SDFR stood at 7.5% as at 31 Dec 2024 vs 9.0% as at 31 Dec 2023 and the SLFR stood at 8.5% vs 10.0% as at 31 Dec 2023.

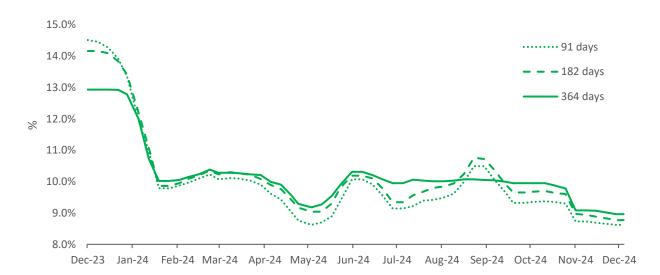

Additionally, the Statutory Reserve Ratio (SRR) was maintained at 2.0% throughout 2024, following its reduction in the latter half of 2023, ensuring sufficient liquidity in the banking system to support lending and investment activities.

#### **Movement in Policy Rates**

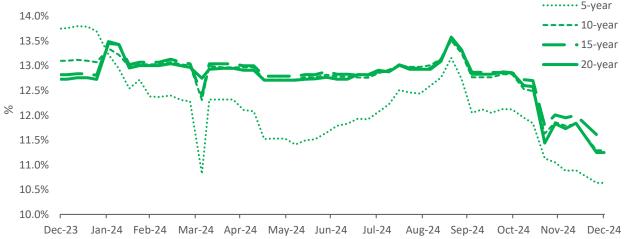

The period under review saw Treasury bill yields gradually easing. The benchmark 03, 06 and 12-month yields decreased from 14.51%, 14.16% and 12.93% respectively as at the end of Dec 2023 to 8.62%, 8.77% and 8.96% respectively as at the end of Dec 2024. During this period, the yield curve witnessed a correction and switched to a more upward sloping yield curve with the 3M and 6M yields dropping below 12M yield. Similarly, Treasury Bond yields too witnessed a gradual declining trend.

#### **Treasury Bill Rate Movement**

Source: Central Bank of Sri Lanka

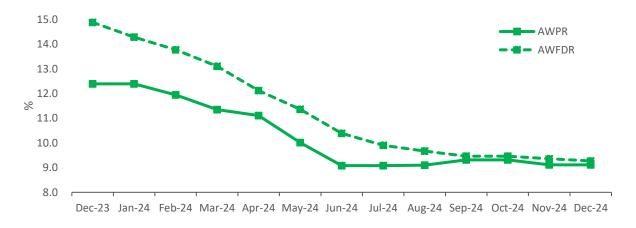

## Treasury Bond Rate Movement – Secondary Market

Source: Central Bank of Sri Lanka

In line with the Monetary Policy changes by CBSL, all deposit and lending rates witnessed a gradual decreasing trend, with Average Weighted Prime Lending Rate (AWPR) decreased to 9.1% and Average Fixed Deposit Rate (AWFDR) decreased to 9.3% by the end of December 2024 vs. 12.4% and 14.9% respectively by the end of December 2023.

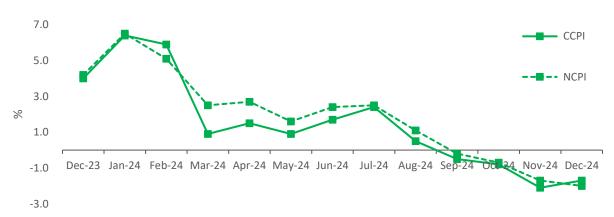

#### Movement of AWFDR and AWPR of Commercial Banks (% p.a.) at month-end

Source: Central Bank of Sri Lanka

Another key factor in this economic resurgence was the stabilization of inflation. After peaking in 2022, inflation measured by Colombo Consumer Price Index (CCPI) dropped significantly to 0.5% YoY by August 2024, creating a more favourable environment for economic activities. Subsequent to that, the inflation was in the negative territory for the remained of the subject year and recorded -1.7% YoY by the end of December 2024. The reduction in inflation has been attributed to factors such as reductions in power tariffs, fuel prices, and an appreciating rupee.

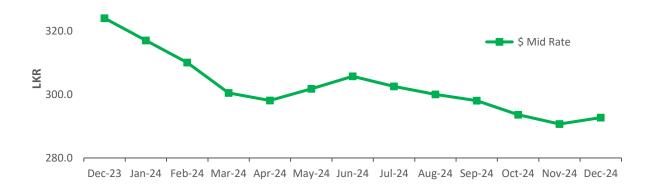

#### Movement in the CCPI and NCPI

Source: Department of Census & Statistics

#### Movement in the USD/LKR Rate

In 2024, Sri Lanka's Gross Official Reserves (GOR) experienced a significant increase, reaching approximately US\$6.1 billion by the end of December 2024 vs US\$ 4.4 billion by the end of December 2023. Enhanced tourism earnings and increased worker remittances were key contributors for reserve accumulation. Consequently, the Sri Lankan rupee appreciated by 9.7% against the US dollar during the year up to December 31, 2024.

- 2. Performance data is net of management fees and taxes.

#### Asset Allocation as a percentage of Net Asset Value as at 31st Dec 2024

Source: Senfin Asset Management (Pvt) Ltd

#### Equity Holding by Sector as at 31 Dec 2024 (as a percentage of Net Asset Value)

Source: Senfin Asset Management (Pvt) Ltd

We anticipate continued positive sentiment toward equities. FY 2024 highlighted the true potential of the CSE, and moving forward, with key macroeconomic indicators showing sustained improvement; including single-digit inflation, a stable currency, rising tourism earnings, strong remittance inflows, low-interest rate environment and expected growth in corporate earnings, we expect stable and organic growth in equities in FY2025E. We continue to analyze and invest in counters that are expected to perform well in the medium / long run, while remaining committed to the overall aim of capital appreciation.

#### INDEPENDENT AUDITOR'S REPORT

#### TO THE UNIT HOLDERS OF SENFIN GROWTH FUND

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the Financial Statements of **SENFIN GROWTH FUND** (the Fund) which comprise the Statement of Financial Position as at 31<sup>st</sup> December 2024, and the Statement of Comprehensive Income, Statement of Movement in unit holders Fund and Statement of Cash Flows for the year then ended 31<sup>st</sup> December 2024, and notes to the Financial Statements, including a summary of significant accounting policies exhibited on pages 3 to 23.

In our opinion, the accompanying Financial Statements give a true and fair view of the financial position of the Fund as at 31st December 2024, and of its financial performance and its cash flows for the year then ended 31st December 2024 in accordance with Sri Lanka Accounting Standards.

#### Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the ethical requirements of the Code of Ethics issued by Chartered Accountants of Sri Lanka that are relevant to our audit of the Financial Statements and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an Audit in accordance with Sri Lanka Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the Audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Report on Other Legal and Regulatory Requirements

The Financial Statements are prepared and presented in accordance with and comply with the requirements of the Unit Trust Deed and Collective Investment Scheme Code of 2022 set by the Securities and Exchange Commission of Sri Lanka.

The Accounting Policies and the Notes on pages 7 to 23 form an integral part of these Financial Statements.

#### NOTES TO THE FINANCIAL STATEMENTS

#### **NOTE 1 - GENERAL INFORMATION**

#### **NOTE 1.1 - GENERAL**

Senfin Growth Fund (the "fund") is an open-ended unit trust fund approved by the Securities and Exchange Commission of Sri Lanka. The fund was launched on 02 February 2012.

The fund is managed by Senfin Asset Management (Private) Limited which is incorporated and domiciled in Sri Lanka. The registered office of the management company is located at 267, Galle Road, Colombo 3. The trustee and custodian of the Fund is Hatton National Bank (HNB) having its place of business at No 481, T.B. Jayah Mawatha, Colombo 10.

The investment objective of the fund is to achieve long term capital growth by investing in a well-diversified portfolio of equity securities listed on the Colombo Stock Exchange.

#### **NOTE 1.2 - DATE OF AUTHORIZATION FOR ISSUE**

The financial statements of the fund for the year ended 31<sup>st</sup> December 2024 were authorized for issue by the fund management company and the trustee on 11<sup>th</sup> April 2025.

#### **NOTE 2 - PREPARATION OF FINANCIAL STATEMENTS**

#### **NOTE 2.1 - BASIS OF PREPARATION**

The financial statements are prepared and presented in accordance with and comply with the relevant Sri Lanka Accounting Standards issued by the Institute of Chartered Accountants of Sri Lanka. The statement of financial position is presented on a liquidity basis and assets and liabilities are presented in decreasing order of liquidity and are not distinguished between the current and non-current. The financial statements have been prepared on the historical cost basis unless otherwise indicated. The financial statements are presented in Sri Lankan rupees (LKR).

#### **NOTE 2.1.1 - STATEMENT OF COMPLIANCE**

The financial statements which comprise the statement of financial position as at 31 December 2024, statement of profit or loss and other comprehensive income, statement of movement in unitholders' Funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information have been prepared and presented in accordance with Sri Lanka Accounting Standards.

#### SENFIN GROWTH FUND NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.2 - SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATED AND ASSUMPTIONS

The preparation of financial statements in conformity with Sri Lanka Accounting Standards requires management to make judgements, estimates and assumptions that affects the application of policies and reported amounts of assets and liabilities, income and expenses.

In the selection and application of the fund's accounting policies, which are described below, the fund management company is required to make judgements and assumptions and use assumptions in measuring items reported in the financial statements. These estimates are based on management's knowledge of current facts and circumstances, and assumptions based on such knowledge and expectations of future events. Actual results may differ from such estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates were revised if the revision affects only that period or in the period of the revision and future periods as well, if the revision affects both the current and future periods.

Management considers credit, liquidity and market risks and assesses the impact on valuation of investments when determining the fair value.

Fair value of the quoted equity investments are determined by quoted prices (Level 1).

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 2.3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting policies set out below have been applied consistently to all periods presented in these financial statements.

#### **NOTE 2.3.1 - FINANCIAL ASSETS**

#### (i) Recognition and initial measurement

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the fund becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus or minus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

#### (ii) Classification

On initial recognition, a financial asset is classified as measured at: amortised cost or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. This includes derivative financial assets if any.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### NOTE 2.3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES(CONTD.)

#### (iii) Subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Financial assets at FVTPL	These assets are subsequently measured at their fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss. Net change in unrealised gains/losses on equity investments includes the accumulated gains/losses on realised equity investments as well, since the realised gain/losses are computed on the difference between weighted average cost of purchase and the selling price.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

## NOTE 2.3.2 - FINANCIAL LIABILITIES - CLASSIFICATION, SUBSEQUENT MEASUREMENT AND GAINS AND LOSSES

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities include accrued expenses and other payables.

#### **NOTE 2.3.3 - DERECOGNITION**

#### **Financial Assets**

The fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The fund enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

#### **Financial Liabilities**

The fund derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. The fund also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred, or liabilities assumed) is recognised in profit or loss.

#### **NOTE 2.3.4 - OFFSETTING OF FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are offset, and the net amount reported in the statement of financial position if, and only if:

- There is a currently enforceable legal right to offset the recognised amounts and
- There is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### SENFIN GROWTH FUND NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 2.3.5 - IMPAIRMENT**

The fund drecognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The fund measures loss allowances at an amount equal to lifetime ECL, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition which are measured as 12-month ECL.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the fund is exposed to credit risk.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 2.3.5 - IMPAIRMENT (CONTD.)**

#### Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

#### Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

#### **NOTE 2.4 - RECOGNITION OF INCOME**

Income is recognized to the extent that it is probable that the economic benefits will flow to the fund and the income can be reliably measured. The following specific criteria must also be met before income is recognized.

#### (i) Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

#### (ii) Dividend income

Dividend income is recognized when the fund's right to receive payment is established.

#### (iii) Unrealised gains/(losses) on financial assets at FVTPL

Unrealised gains/(losses) on financial assets at FVTPL includes all gains and losses that arise from changes in fair value of the financial assets at FVTPL as at the reporting date.

#### (iv) Realised gains/(losses) on financial assets at FVTPL

Realised gains/(losses) on financial assets at FVTPL includes results of buying and selling of quoted equity securities.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 2.5 - CASH AND CASH EQUIVALENTS**

Cash and cash equivalents in the statement of financial position comprise of cash at bank.

The cash flow statement has been prepared using the direct method.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

#### **NOTE 2.6 - INCOME TAX**

The fund is not liable to pay income tax as at the reporting date in accordance with Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021.. The fund's income generated through investment business are treated as "pass through vehicles" under the provisions of Inland Revenue Act No. 24 of 2017 as amended by the Inland Revenue (Amendment) Act No. 10 of 2021.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 2.7 - EXPENSES**

The management, trustee and custodian fees of the fund as per the trust deed is as follows,

Management Fee - 1.5% p.a of net asset value of the fund calculated on daily basis

Trustee Fee - 0.15% p.a of net asset value of the fund calculated on daily basis

Registrar Fee - 0.25% p.a of net asset value of the fund calculated on daily basis

Custodian Fee - Flat fee of Rs. 20,000 per month

#### **NOTE 2.8 - UNITHOLDERS' FUNDS**

Unitholders' funds have been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the liabilities, other than those due to unit holders as at the reporting date.

#### **NOTE 3 - FINANCIAL RISK MANAGEMENT**

Risks arising from holding financial instruments are inherent in the fund's activities, and are managed through a process of ongoing identification, measurement and monitoring. The fund is exposed to credit risk, market risk, and liquidity risk.

Financial instruments of the fund comprise investments in quoted equity securities and short term fixed income securities for the purpose of generating a return on the investment made by unitholders, in addition to cash at bank and other financial instruments such as receivables and payables, which arise directly from its operations.

The fund manager is responsible for identifying and controlling the risk that arise from these financial instruments. The fund manager agrees policies for managing each of the risks identified below.

The risks are measured using a method that reflects the expected impact on the statement of profit or loss and other comprehensive income and statement of financial position of the Fund from reasonably possible changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below.

The fund manager also monitors information about the total fair value of financial instruments exposed to risk, as well as compliance with established investment mandate limits. These mandate limits reflect the investment strategy and market environment of the fund, as well as the level of risk that the fund is willing to accept, with additional emphasis on selected industries. This information is prepared and reported to relevant parties within the fund manager on a regular basis as deemed appropriate, including the fund manager, other key management, investment committee, and ultimately the trustee of the fund.

Concentration of risk arises when a number of financial instruments or contracts are entered in to with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### **NOTE 3 - FINANCIAL RISK MANAGEMENT (CONTD.)**

#### a) Credit risk

Credit risk is the risk that the counterparty to the financial instruments will fail to discharge an obligation and cause the fund to incur a financial loss of interest and/or principal.

The fund's exposure to credit risk from its financial assets arises from default of the counterparty, with the current exposure equal to the carrying amount of financial assets as at the reporting date. It is the fund's policy to enter into contracts with reputable counterparties.

2024 Counterparty	Credit rating	Rating agency
Hatton National Bank PLC	A	Fitch
Senfin Money Market Fund	AAf	Fitch

2023 Counterparty	Credit rating	Rating agency
Hatton National Bank PLC	А	Fitch

The fund is also subject to credit risk on its bank balance and bank money market balances. The credit risk exposure on these instruments is not deemed to be significant.

#### b) Market risk

Market risk represents the risk that the value of the fund's investments portfolios will fluctuate as a result of changes in market prices. While market risk cannot be eliminated the fund manager will attempt to reduce this risk by diversifying the fund's investment portfolio in line with investment objectives of the fund.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### NOTE 3 - FINANCIAL RISK MANAGEMENT (CONTD.)

#### c) Price risk

Price risk is the risk that the fair value of the fund's investment in trading securities will fluctuate as a result of changes in the price of the fund's investments in trading securities. Price risk exposure arises from the fund's investment portfolios.

The table below shows the impact on the statement of profit or loss and other comprehensive income and statement of financial position due to a reasonably possible change in the price of the fund's investment in financial assets held at fair value through profit or loss in note 7, with all other variables held constant:

	2024 Increase/ (decrease) on profit before tax and amounts attributable to Unitholders Rs.	2023 Increase/ (decrease) on profit before tax and amounts attributable to Unitholders Rs.
Change in price of the fund's investments in financial assets - at fair value through profit or loss

#### NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### NOTE 3 - FINANCIAL RISK MANAGEMENT (CONTD.)

value through profit or loss Financial asset at amortised

cost

Total exposure

#### d) Interest rate risk

Interest rate risk is the risk that the value of a financial instruments will fluctuate as a result of changes in market interest rates.

The fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis.

The table below summarises the fund's exposure to interest rate risks.

31 December 2024	Floating Interest Rate Rs.	Fixed Interest Rate Rs.	Non- interest bearing Rs.	Total Rs.

-1%	(914,955)	(2,123,460)

# NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

# **NOTE 3 - FINANCIAL RISK MANAGEMENT (CONTD.)**

# e) Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet its obligation to pay unitholders. Exposure to liquidity risk arises because of the possibility that the fund could be required to pay its liabilities or redeem its units earlier than expected. Units are redeemable at the unitholder's option based on the fund's net asset value per unit at the time of redemption.

The fund manages its obligation when required to do so and its overall liquidity risk by:

- investing primarily in marketable securities and other financial instruments, which under normal market conditions are readily convertible to cash
- investing within established limits to ensure there is no concentration of risk
- Maintaining sufficient cash and cash equivalents to meet normal operating requirements and expected redemption requests. The Code requires a minimum of 3% of the deposited property to be maintained in cash or near cash. (near cash means investments such as bank/call deposits, repurchase agreements with maturities of less than 3 months, commercial paper endorsed or guaranteed by a Licensed Commercial Bank or Licensed Specialized Bank with maturities of less than 3 months and government securities including government bonds with maturities of less than one year which can be readily convertible into cash.)
- Requiring at least 14 days prior written notice for Unitholder redemption equal to or greater than 3% of the net asset value of the fund
- Searching for new investors

The time frame for return of cash to investors is five business days in which time investments may be recalled for redemption payouts. In addition, as per the Code and the Trust Deed, if the redemption value is 3% or more of the net assets value of the fund, the unitholder is required to give a minimum of 14 days prior notice. Further, the fund is also permitted to borrow up to 15% of the deposited property for redemption payouts. No such borrowings have arisen during the period.

Other Financial liabilities have no contractual maturities. Due to the short-term nature of these financial instruments, carrying value approximates fair value.

# NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

#### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 7 - FAIR VALUE OF FINANCIAL INSTRUMENTS

#### Determination of fair value and fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 – An investment in a fund is classified in Level 1 of the hierarchy when that investment is quoted in an active market and measured at the unadjusted quoted price at the reporting date.

Level 2 – An investment in a fund is classified in Level 2 of the hierarchy when that investment is measured using inputs that are directly observable at the reporting date.

Level 3 – An investment in a fund is classified in Level 3 of the hierarchy when the investment is measured using unobservable inputs at the reporting date.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

	Level 1 Rs.	Level 2 Rs.	Level 3 Rs.	Total Rs.
As at 31 December 2024	,,,,,	1,50		110.

# Financial Assets and Financial Liabilities not carried at fair value

Assets for which fair value approximates carrying value:

For financial assets and financial liabilities that have a short term maturity (original maturities less than a year), it is assumed that the carrying amounts approximate their fair values.

Accordingly, the following is a list of financial instruments whose carrying amount is a reasonable approximation of fair value.

Assets
Other receivables
Financial assets - at amortised cost
Cash and cash equivalents

Liabilities
Accrued and Other Payable
