Senfin Asset Management (Pvt) Ltd  
 No. 267, Galle Road, Colombo 03,  
 Sri Lanka

### Fund Manager Comment

The Colombo Stock Exchange ASPI decreased by 3.42% during April 2023 while S&P SL20 Index decreased by 2.42%. The fund's benchmark Insurance Sector Total Return Index decreased by 4.68% while the Fund decreased by 3.73%. The benchmark index is mainly constituted by Ceylinco Insurance PLC Voting (CINS.N) and Non-Voting (CINS.X) shares which jointly constitutes approximately 60% of index weight. With regard to the Sector Index, price declines were witnessed across the sector in line with overall ASPI decline, mainly as a result of the re-emergence of concerns over a possible domestic debt restructure. Softlogic Life Insurance PLC and Softlogic Capital PLC recorded the steepest declines within the sector. With the IMF Board Level Approval received, overall inflation heading downwards, continuous power supply, LKR showing signs of appreciation, gradually reducing interest rates, increasing tourist arrivals and increasing remittances etc., the country is witnessing a recovery from the lows of last year. Therefore despite the aforesaid short term pullback, we look forward positively on equity in the medium run.
