# Senfin Insurance Sector Fund (LKR)

Monthly Report | Mar-2024

Senfin Asset Management (Pvt) Ltd No. 267, Galle Road, Colombo 03, Sri Lanka

## **Fund Manager Comment**

The performance of the CSE in Mar 2024 reflected a positive movement, with the ASPI experiencing a gain of 7.44%, while the S&P SL20 Index witnessed a gain of 9.23%. The fund's benchmark Insurance Sector Total Return Index (INSTRI) increased 3.99% while the Fund increased 5.87% during the same period. The benchmark index is mainly constituted by Ceylinco Insurance PLC Voting (CINS.N) and Non-Voting (CINS.X) shares which jointly constitutes more than 60% of index weight. There were no major Insurance sector specific catalysts during the month. With regard to the overall market, the positive sentiment was largely driven by better than anticipated earnings reported for 4Q2023. In addition, above average dividends declared by several key listed companies added further impetus to the positivity. T-bill yields during the month were somewhat consistent in the lower 10% range, which assisted driving demand for equities. During Mar 2024, IMF and Sri Lanka reached staff level agreement following the second review. Though there are few concerns in the short run including delays in External Debt Restructuring, we continue to remain bullish on equities in the medium term on the back of a declined interest rate environment and improved macro-economic fundamentals.
